RE: *United States v. Rolando Thorpe*
Case No. 8:15-cr-00296-PWG

Dear Mr. Thorpe:

I received your letter dated December 20, 2021, asking whether there are any remedies you might pursue to reduce the length of your current sentence. I am glad to hear that you have been a model prisoner and that you have completed the programs I recommended at your sentencing. However, as a judge, I cannot help you with your request because I am not permitted to provide you with legal advice.

I am sending a copy of this letter to your attorneys of record, along with a copy of your letter to me, so that they may respond to you directly to discuss any remedies that might be available to you.

Sincerely,

/S/
Paul W. Grimm
United States District Judge
